

How are you doing?

Hello Everyone

I hope that you are all okay and keeping safe during this very difficult time.

If any of you are in need of any kind of support then please let me know and I shall do my very best in either providing it to you or giving you contact details of organisations who will be able to help.

If anyone has got any ideas on what we can do together in keeping in touch in a fun way again just let me know.

I was thinking on the lines of [Skype](#) where we all get linked up for a club group chat and maybe we could even do an activity together which would be fun.

Let me know what you think about doing it.

My very best wishes to you all

Stay safe,

Becky
